REISSUE DECLARATION

As the below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe I am the original, first and sole inventor of the subject matter which is claimed and for which a reissue patent is sought on the invention entitled

SUBMERSIBLE MOTOR UNIT

the specification of which

 X is attached hereto.

 was filed on _____ as Application Serial No. _____
and was amended on _____ .

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I believe the original patent, U.S. Patent No. 6,359,353, as it issued on March 19, 2002, to be wholly or partly inoperative by reason of the patentee claiming more or less than the patentee had the right to claim in the patent. More particularly, I believe the patentee claimed less than the patentee had the right to claim in U.S. Patent No. 6,359,353 by including limitations directed toward a first bearing disposed between a first end wall and a drive shaft, and a second bearing disposed between a second end wall and the drive shaft. Additionally, I believe that the patentee, by limiting the capacitor recited in the claims of U.S. Patent No. 6,359,353 to an annular capacitor, thereby claimed less than the patentee had the right to claim in the patent.

I hereby state that all errors being corrected in the reissue application up to the time of filing of the oath or declaration under 37 C.F.R. §1.175(a) arose without any deceptive intention on my part.

I acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, ' 1.56(a).

I hereby claim foreign priority benefits under Title 35, United States Code, ' 119 of any foreign application(s) for patent or inventor's certificate listed below and have also identified below any foreign application for patent or inventor's certificate having a filing date before that of the application on which priority is claimed:

DECLARATION

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereof.
